Supporting Material

 TXI6752 Managing In-System Replication (2-day ILT) This test is primarily designed for Hitachi Vantara customers, partners and employees data protection administrators who use the Hitachi In-system Replication software bundle. The test validates that the successful candidate can setup, configure and manage in-system replication using the Command Control Interface (CCI) software, Hitachi Ops Center Administrator and Hitachi Ops Center Protector. The test covers Hitachi ShadowImage and Hitachi Thin Image replication products.

Audience: Hitachi Vantara Customer, Partner, and Employee Data Protection Administrators

Data protection administrators should have knowledge of in-system replication products, and how to use them to manage copies and snapshots of data. They are responsible for defining data protection policies and ensuring business continuity.

Test Objectives	
Section 1	Hitachi Shadowlmage overview
1.1	Describe Hitachi Shadowlmage features and characteristics.
1.2	Describe Hitachi Shadowlmage commands and functionality.
1.3	Describe Hitachi Shadowlmage licensing.
Section 2	Hitachi Thin Image overview
2.1	Describe Hitachi Thin Image features and characteristics.
2.2	Describe Hitachi Thin Image snapshot functionality and configuration.
Section 3	Hitachi Shadowlmage operations using the Command Line Interface (CLI)
3.1	Describe the Command Control Interface (CCI) software components and setup.
3.2	Describe ShadowImage operations using CCI commands.
Section 4	Hitachi Thin Image operations using the Command Line Interface (CLI)
4.1	Describe Thin Image operations using CCI PAIR commands.
4.2	Describe Thin Image operations using CCI RAIDCOM commands.
Section 5	Hitachi Shadowlmage operations using a Graphical User Interface (GUI)
5.1	Describe how to create and manage ShadowImage pairs with Hitachi Ops Center Administrator.

^{*} Depending on the location and course delivery format, this closed-book, proctored qualification test may also be offered and administered by the instructor at the conclusion of the supporting course.

The Hitachi Vantara Learning Center provides easy access to our instructor-led, online and downloadable training and exams, as well as full support for Hitachi Vantara certified professionals and other qualification programs.
