

Hitachi Training Units

Budget training expenses, issue fewer purchase orders, and receive a wider variety of training options.

The Hitachi Training Units program is a volume-purchase program. It reduces training expenses while offering access to a broad range of Hitachi Vantara and third-party courses through our Hitachi Training Units partner program. Scheduling is convenient and flexible.

Hitachi Training Units have many uses:

- Instructor-led and virtual instructor-led courses at your site or ours. One Hitachi Training Unit typically allows for one person to attend a publicly scheduled, one-day course.
- Purchase On-Demand Learning Library where you can learn where you want, when you want on your schedule.
- Third party courses offered through external training partners including Oracle, Cisco, Microsoft®, VMware, and more!

You may select classes for a period of one year from the date of purchase.
