# Enhanced Customer Services From Hitachi Vantara: CE Block-Time Support

**Unlock the power of expert resources to tackle whatever unexpected business needs come your way. With CE Block-Time Support from Hitachi Vantara, you can get timely and dependable help exactly when it matters most!**

## Converged Support in Today's Fast-Paced Digital Environment

Keeping up with the digital age requires swift solutions. At Hitachi Vantara, we anticipate the challenges you face in today's dynamic era of digital transformation, and we are prepared to help you continually succeed with end-to-end, converged support.

Enhanced Customer Services from Hitachi Vantara is a tiered portfolio of value-added, personalized support offerings designed to complement your existing Premium, Standard or Weekday Basic support service plan.

## Prepaid Blocks of Hours for Planned Activities

Block-Time Support delivered by qualified Hitachi Vantara customer engineers (CE) is ideal when you need assistance with planned activities that normally require additional staff. With the flexibility to choose the number of hours that fit your needs, you purchase 16, 32, 48 or more hours up front and use them throughout a 12-month period on a variety of projects:

**CE Block-Time Support gives you priority access to our global team of experts exactly when you need it:**

- Move of system (relocation, install or deinstall).
- On-site during customer activity (a planned power event).
- Reconfiguration of systems and solutions.
- Other activities specified and agreed to by Hitachi Vantara.

## The Value of CE Block-Time Support

**Planned:** Strategically plan and budget for IT costs with prepaid CE Block-Time Support. With Hitachi Vantara always available to perform activities, you eliminate the need to increase your IT staff or hire contractors.

**Cost-effective:** Purchase CE Block-Time Support at a fixed rate, which allows you to control costs and reduce the need to increase staff during planned activities. Use your hours when you need them and purchase additional hours as required without the inconvenience of buying small quantities for individual events.

**Flexible:** Get prompt, reliable assistance within your timeframe and on your terms with Block-Time Support. Once an activity is completed, we deduct that time from your pool of available hours.

## Terms and Conditions

CE Block-Time Support from Hitachi Vantara is subject to these conditions:

- A Hitachi Vantara customer service and support engineer performs the services with a required 7-day advance notice.
- Planned activities can be scheduled during normal business hours and non-business hours.
- Hours are not permitted for use of software-related activities, services covered under conventional maintenance plans (for example, microcode updates and telephone support), or support and service of non-entitled equipment.
- A 16-hour minimum purchase is required with no maximum. Hours are purchased in blocks of 16 and consumed in 1-hour increments.
- Hours expire after a 12-month period. However, to ensure service continuity we give you ample notification to purchase additional hours as required.
- During move of system (for example, relocation, install or deinstall), your organization is responsible for the transport.

Review Block-Time Support complete terms and conditions in the Enhanced Customer Services Portfolio Program Guide.
