

DATASHEET

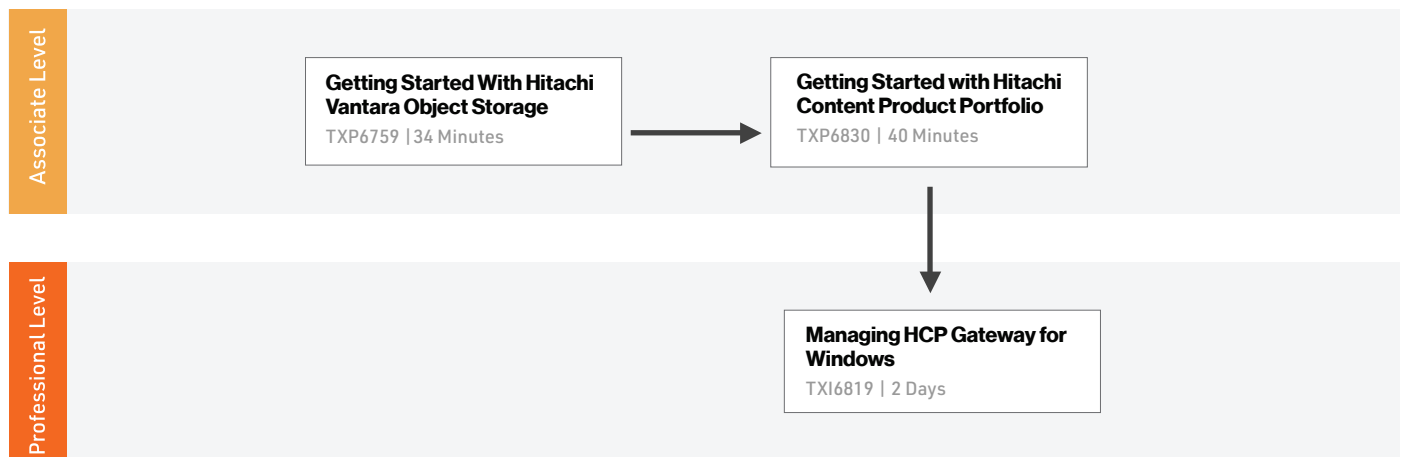

Content Platform Learning Path

HCP Gateway Administrator

Modernize file services by replacing traditional file servers with cloud storage gateways and object storage.

The HCP Gateway Administrator learning path will help you acquire the skills you need to manage HCP-Gateway. The path includes numerous hands-on lab activities designed to build the skills necessary to integrate, administer, and configure Hitachi Content Platform Gateway. At the successful completion of the courses in this path, you will receive the Hitachi Content Platform Gateway Administration digital badge.

- Associate Level
- Professional Level
- Specialist Level

Learning Paths are suggested courses to reach a goal. Individual paths may vary according to experience and requirements. Contact learning@hitachivantara.com to learn more.
