## Take Advantage of Significant Savings and Scheduling Benefits That Best Fit Your Needs

### Select a training package that works for you

Hitachi Vantara models its training curriculum to specific functional roles. Our instructors are subject matter experts providing students with comprehensive training that applies to real-world scenarios.

Most courses offer hands-on lab exercises that allow you to practice what you learn. You choose the option that best suits your learning style: hands-on labs and lectures delivered in our classroom, at your facility, or virtually.

To support your learning activities, Hitachi Vantara provides prepaid training programs that deliver opportunities for cost savings through our Hitachi Training Card, Hitachi Training Units, or both with Hitachi Training Pack. In addition to delivering significant cost savings and scheduling benefits, these programs simplify educational planning and give you the freedom to select the curriculum and courses that best fit your needs and schedule

## Hitachi Training Units

The Hitachi Training Units program is a volume-purchase program. It reduces training expenses while offering access to a broad range of Hitachi Vantara and thirdparty courses through our Training Units partner program. Scheduling is convenient and flexible. Classes are offered as vILT, delivered on-site at your location and at Hitachi Vantara training facilities. You can use Training Units for training on a variety of subjects, such as the entire portfolio of courses offered by Global Knowledge and other Hitachi Vantara training partners, including Oracle, Cisco, Red Hat Linux, Microsoft®, Citrix, VMware, Project Management, Information Technology Infrastructure Library (ITIL), and much more. Additionally, you can use Training Units for training from Commvault, Brocade and many other organizations.

Training Units are an efficient way to budget your training expenses, issue fewer purchase orders, and receive a wider variety of training options than ever before. You may select classes for a period of one year from the date of purchase. Each training unit represents one full or partial day of training for one individual.

### Program Benefits

The Hitachi Training Card and Hitachi Training Units programs:

- Make it easier for your employees to update important IT skills by taking ILT and vILT classes.

- Provide unlimited training for a single student or individual in your organization for a single fixed fee.
- Maximize learning opportunities for all your students or individuals with courses on Hitachi Vantara products, Brocade and Cisco switches, Microsoft®, Oracle, Commvault, ITIL, cloud solutions, data analytics, data security and design applications, and much more. Eliminate the need for multiple purchase orders.
- Purchase training packages in advance: no surprise expenses.

Choose the plan that best suits your business needs and meets your training requirements, budget allowance and time restrictions. Then, sign up to ensure that you stay ahead of today’s technologies. You’ll gain knowledge of current business solutions, experience implementing the latest technology, and insight on how these solutions address your business needs. Your staff will benefit from the real-world experience of our instructors in a practical learning environment that emphasizes open discussion and interaction.
