

## Transformation, Together

We listen to our clients' needs and their perspectives, to lead the way to outstanding delivery.

Hitachi Vantara and CGI jointly strive toward leading innovation with data-driven solutions, which help organizations to speed up deployment and accelerate time to market. Simultaneously, the joint solutions work to reduce risk and increase revenues. Through 20 years of global partnership, CGI and Hitachi have brought innovative solutions to the market to improve business outcomes for our joint customers.

## Global Partnership: 20+ Years Strong
