

DIRECT PURCHASING AGREEMENT

Agreement No.: _____

Effective Date: _____

This Direct Purchasing Agreement (“DPA”) governs the Supply Transactions between Hitachi and You and commences on the Effective Date set out above.

TERMS AND CONDITIONS:

1. PURCHASING FROM HITACHI

1.1 Scope of Agreement

(a) This DPA comprises the terms and conditions set out in this document and, to the full extent applicable, to the Supply Transactions made under this DPA and the Exhibits attached to this document.

(b) If Hitachi agrees to supply You any offering beyond the scope of the Exhibits that apply to You under this DPA, Hitachi reserves the right to require the Parties to execute further terms for that supply, in the form of a further Exhibit to this DPA, a Change Order or a separate agreement. Hitachi does not grant You any Reselling rights for any Hitachi Supplies that You purchase under this DPA.

1.2 Supply Transactions

(a) Each purchase that You make from Hitachi under this DPA will be deemed a “Supply Transaction” and the items that You purchase or license from Hitachi pursuant to a Supply Transaction will be “Hitachi Supplies”. You agree to be bound by the applicable Exhibits to this DPA, in addition to these DPA terms.

(b) At Your request, Hitachi will send You a Quote and/or SOW (as applicable) for a Supply Transaction. When You send an Order to Hitachi in accordance to Section 1.3, whether in response to a Quote or otherwise, Hitachi may accept it by commencing Delivery of the Hitachi Supplies. Except where an Exhibit expressly states otherwise, each Quote (if any), the Order and this DPA, including all relevant Exhibits, form a separate agreement between the Parties for the Supply Transaction.

1.3 Ordering from Hitachi

For Your Order to be accepted by Hitachi as valid, it must refer to this DPA. Terms and conditions in, or on the back of Your Order, or any other documents that You give to Hitachi will not form part of the agreement. Any changes that You make to an Order are subject to Hitachi’s acceptance in writing in a Change Order and, if Hitachi requires, Your payment of an additional processing fee to Hitachi.

2. FINANCIAL TERMS

2.1 Fees and Payment

(a) You must pay the Fees to Hitachi within thirty (30) days from the date of Hitachi’s invoice, without any deduction by way of set-off, counterclaim, discount or otherwise.

(b) Without limiting any other rights available to Hitachi under this DPA or under applicable law, if You fail to pay Hitachi’s invoice as required: (i) Hitachi may charge You Interest on the overdue Fees, with effect from the invoice date and in accordance with applicable law; and (ii) without limiting the previous sub-Section, where Your payments for any Services are overdue, Hitachi may suspend the delivery of the Services. Provided that You are not otherwise in breach of this DPA, Hitachi will reinstate any suspended Services following Your payment in full of all outstanding amounts to Hitachi.

(d) If You dispute Hitachi’s invoice in good faith, You must pay the full amount of the invoice by the due date and immediately provide Hitachi with written notice of the dispute for the disputed portion.

The Parties will use commercially reasonable efforts to resolve the dispute pursuant to Section 9.2 of this DPA. If the dispute is not resolved within the thirty (30) day period set out in Section 9.2, Hitachi may, without prejudice to any other rights available to Hitachi under the DPA or applicable law, seek any of the remedies in Section 2.1(c). If You can show, on good grounds, that Hitachi has overcharged You in its invoice, Hitachi will refund You the amounts that been proven to be overcharged, if applicable.

(e) Hitachi is not responsible for any Processing Fees or other terms associated with Your payments under this DPA unless Hitachi has agreed in writing, in advance. Without such agreement, Hitachi will pass through all Processing Fees invoices to You for Your payment.

2.2 Taxes

(a) All pricing and Fees contemplated under this DPA will exclude any applicable Taxes. Any Taxes arising under this DPA will be the sole responsibility of the Party owing such Tax, which liability will be determined by the specific law governing such Tax assessment.

(b) For any Supply Transaction arising under this DPA, to the extent that the governing law of any taxing authority imposes a withholding or collection obligation on the paying party for any Tax properly associated with the amounts due under this DPA, the paying Party will exercise due professional care to determine if there is tax relief under local law and/or a mutual tax treaty agreement between paying Party and the invoicing Party countries. If, after all options are exhausted and tax withholding applies, then the paying Party may deduct the withholding tax from amounts due under this DPA. The paying Party will remit to the proper authorities the additional Taxes as required by applicable law and will provide to the other Party within a commercially reasonable period, appropriate written evidence supporting the nature and amount of the Tax involved.

(c) If a resale certificate, treaty benefits exemption certificate or other exemption document is required to reduce or eliminate any Taxes arising with respect to a Supply Transaction, the paying Party will be solely responsible for providing to the invoicing Party such documentation and the invoicing party will use all commercially reasonable efforts to fully co-operate to establish the validity of the documentation. If it is determined that any Tax withheld or paid relative to the DPA was not required to be paid and that a refund of such Taxes is appropriate, both Parties agree to provide all commercially reasonable co-operation and assistance for the timely collection of such refund.

3. INTELLECTUAL PROPERTY

3.1 Ownership and Licenses

(a) Hitachi or its licensors own all IP Rights in the Hitachi IP. You and Your End Users have no right, title or interest in the Hitachi IP, other than the license rights in Software, Work Product or any other Hitachi

IP, as expressly granted by Hitachi under this DPA, including the Software Terms and the Warranty, Maintenance and Support terms attached as Exhibits B and E to this DPA. All rights not expressly granted in the Hitachi IP are reserved by Hitachi or its licensors.

(b) Without limiting Your obligations in this DPA and except where permitted by applicable law, You must not take any action nor permit any third-party to take or allow any action that will, or is likely to, jeopardize Hitachi's or its licensors' rights in the Hitachi IP, including to: (i) copy, modify, disassemble, decompile or otherwise reverse engineer any Hitachi IP; (ii) sub-license any Hitachi IP without Hitachi's prior written approval; (iii) register or seek to register anywhere in the world any IP Rights that are confusingly similar to or otherwise comprise or include any variation to the Hitachi IP, or to use or allow the use of any Hitachi IP for that purpose; (iv) delete or tamper with any proprietary notices on or in the Hitachi IP; (v) do anything that diminishes the value of any Hitachi Trademarks; (vi) use the Hitachi IP in any manner which creates the impression that the Hitachi IP belongs to, or is identified with You; or (vii) use the Hitachi IP in violation of applicable law.

3.2 Intellectual Property Claims

Subject to Section 3.3 of this DPA, if a third party makes an IP Claim against You, You will be entitled to the following recourse, (which comprises, to the extent permitted by applicable law, Your sole and exclusive remedy against Hitachi, and Hitachi's sole and exclusive liability to You and Your Personnel for all Losses associated with the IP Claim):

(a) Hitachi will at its option and cost, defend or settle the IP Claim and pay to You the amount of Losses finally awarded against You or settled by You (with Hitachi's written approval), provided that You: (i) promptly notify Hitachi of the IP Claim; (ii) allow Hitachi to solely control and manage the defense and settlement of the IP Claim; (iii) provide timely assistance and co-operation as required by Hitachi, at Hitachi's cost; and (iv) You are not in breach of this DPA; and

(b) Hitachi will, at its option and cost, do any of the following in relation to an Infringing Item: (i) secure the rights for You to continue to use the Infringing Item without infringement; (ii) modify the Infringing Item so that it is not infringing; or (iii) replace it with something that has substantially similar functionality to the Infringing Item. If Hitachi considers that none of these options are reasonably possible, Hitachi will provide You with a Refund for the Infringing Item, provided You immediately cease to use it and, at Hitachi's request, promptly return it to Hitachi.

3.3 Exceptions

Hitachi will not be liable to provide any of the remedies in Section 3.2 for IP Claims related to: (a) any Third Party Products (other than those that Hitachi expressly agrees to cover in writing and in such case, Hitachi's liability is strictly limited to the extent set out in Section 5 of Exhibits A and B); (b) any Third Party Related OSS; (c) any technology or other material used in conjunction with the Hitachi Supplies, which You own or have sourced independently from a third party; or (d) an Infringing Item that You have, or any person on Your behalf has: (i) modified or combined with any third party product not authorized or approved by Hitachi in writing, or in a manner which is not authorized or approved by Hitachi in writing; (ii) used outside of Hitachi's stated standard operating environment for that item or for a purpose not authorized or approved by Hitachi in writing; or (iii) failed to use another version of the Infringing Item that was made available to You and which, if used, would have avoided the infringement.

4. CONFIDENTIAL INFORMATION

4.1 Obligations

(a) Each Party will: (i) maintain the confidentiality of the other Party's Confidential Information that is disclosed to it, by using the same

degree of care that it uses to protect its own Confidential Information, and in any event, a reasonable degree of care; (ii) only use that Confidential Information for purposes related to this DPA; and (iii) not disclose the other Party's Confidential Information to a third party without the other Party's prior written consent or as allowed by the DPA.

(b) Each Party may disclose the other Party's Confidential Information to its Personnel and/or Affiliates who need to know the information in order to perform that Party's obligations under this DPA, provided that Party takes all reasonable steps to ensure compliance with its confidentiality obligations including, where necessary, to execute a written confidentiality agreement containing terms that are no less restrictive than those in this Section 4. The receiving Party will be fully responsible for any confidentiality breach caused by its Personnel or its Affiliates.

(c) If a Party has a Legal Requirement to disclose Confidential Information of the other Party, that Party will, if permitted by applicable law, provide the other Party with prompt prior written notice of this, so that the other Party may seek a protective order or other limitation on disclosure. If a Legal Requirement to disclose any Confidential Information nonetheless remains on the Party, it may disclose that portion of the Confidential Information that it is legally required to, without violation of this DPA, but it will exercise commercially reasonable efforts to minimize the disclosure, such as by redaction and to obtain assurances that such Confidential Information will be treated confidentially.

4.2 Return or Destruction

(a) Except to the extent otherwise allowed in this DPA and subject to Section 4.2(b) of this DPA, each Party will: (i) securely and promptly destroy the other Party's Confidential Information that is in its possession or control, together with all copies that have been made, upon the termination of this DPA or otherwise, at the other Party's request and (ii) promptly provide the other Party with written certification when this is done. Notwithstanding the foregoing, but subject to the Software Terms attached as Exhibit B to this DPA, You may retain a copy of Hitachi IP as necessary to exercise any license rights granted by Hitachi to You pursuant to this DPA. This Section 4 will survive the termination of this DPA, with respect to the retained copy of Hitachi IP.

(b) Where it is not technically possible or practicable for a receiving Party to access and destroy Confidential Information stored in an automatic electronic archiving system, the receiving Party will cease to use that Confidential Information and ensure that it is kept secure for the period of retention, until it is eventually overwritten.

5. PERSONAL DATA

5.1 Your Obligations

(a) You are and will always remain the Data Controller for any Personal Data that You provide to Hitachi and You will comply with all corresponding obligations under applicable data protection laws and regulations.

(b) You are responsible for any unauthorized access, acquisition, use, disclosure, modification or destruction to Personal Data caused by Your acts or omissions and those of Your Affiliates, End Users and your respective Personnel in Your receipt and use of the Hitachi Supplies. You will only use or provide Hitachi with Personal Data that You have the legal right to collect, process, use, and transfer, and only to the extent that is necessary or required under any Supply Transaction made under this DPA. You will not disclose any Personal Data about Hitachi Personnel to third parties apart from Your Personnel.

(c) Without limiting the operation of Section 5.1(a) of this DPA with regard to any Personal Data that You receive from Hitachi, You

represent and warrant to Hitachi that: (i) You will not disclose any Personal Data of Hitachi, its Affiliates or their respective Personnel without Hitachi's prior written consent; (ii) You will enter a written contract with the recipient or sub-processor of the Personal Data on terms that are no less restrictive than in this Section 5 and You will remain fully responsible for their performance; (iii) the processing of Personal Data will not cause Hitachi or its Affiliates or their respective Personnel to breach any applicable laws; (iv) You will maintain adequate technical, physical and administrative security measures and safeguards to routinely back-up and ensure the integrity and security of Personal Data and will require the same from all of your downstream parties; and (v) You will strictly comply with the express instructions that Hitachi provides to You and You will only process the Personal Data for the purposes of this DPA.

5.2 Hitachi's Obligations

Without prejudice to the provisions contained in this DPA, the Parties agree that the provision of Services and the supply of Products that are the object of this DPA, do not entail the processing of Personal Data on Customer's behalf by Hitachi. Notwithstanding the above, in the event that Hitachi requires to process Personal Data on Customer's behalf for the performance of the Services covered by this DPA, the Parties will enter into the corresponding Addendum describing the process and the security measures to be implemented when processing Personal Data in accordance with the GDPR. To the extent that Hitachi processes Personal Data as part of a Supply Transaction under this DPA, Hitachi will not disclose such Personal Data without Your prior written consent or as otherwise permitted by applicable law. Hitachi will comply with applicable data protection laws for that Personal Data. Hitachi may disclose Your Personal Data to its Personnel who need to know the information to perform Hitachi's obligations under the DPA; and/or to its Affiliates, subcontractors, vendors, and agents who help Hitachi perform those obligations and who are contractually required to protect Your Personal Data or as required by applicable law. These affiliates subcontractors, vendors, and agents may be located outside of the European Economic Area ("EEA"). Transfers of Personal Data to locations outside of the EEA are managed in accordance with the provisions of GDPR. The Parties may exercise the right to access, rectify, delete or object to the processing of Personal Data by sending a written communication to privacy@hitachivantara.com.

5.3 Security Breaches

(a) Without limiting any of its other obligations in the DPA or under applicable law, each Party will promptly report any Security Breach to the other Party by providing: (i) oral notice as soon as reasonably practicable and no later than forty-eight (48) hours after discovery; and (ii) a follow-up, written report as soon as reasonably practicable and no later than ten (10) days after discovery. The written report will include, to the extent the information is currently available, identification of affected individuals and any other information that is legally required for a notice of Security Breach under applicable law. The report will be promptly updated by the reporting Party, as new material information is discovered, and the updated report will be promptly provided to the other Party.

(b) Each Party will cooperate in any Security Breach investigation that the other Party conducts or is involved in and will take reasonable measures to mitigate any harmful effects of any Security Breach, of which it becomes aware.

(c) The Parties agree and acknowledge that the Data Controller will determine, in its sole discretion, which Party will provide notice to affected individuals of a Security Breach and the content, timing and method of delivery of the notice.

6. LIMITATIONS OF LIABILITY

6.1 Uncapped Liability

Each Party acknowledges the full extent of its own liability to the other Party for all Losses arising from the following areas of liability: (a) death or personal injury resulting from negligent acts or omissions; (b) Claims for non-payment; (c) the non-excludable statutory rights of consumers (for example, under laws providing for strict product liability); (d) any infringement of Hitachi IP, including any Software license breaches; (e) breaches of confidentiality obligations (but this Section 6.1 does not apply to a Party's liability for breach of Section 5.3 of this DPA nor for any Security Breach, whether under this DPA or under applicable law); (f) fraud or deceit; (g) any indemnity obligations under section 9.7 h) of this DPA and section 7 of Exhibit D to the DPA.

6.2 Limits and Exclusions of Liability

(a) Subject to the other parts of this Section 6, the Software Terms and the Warranty, Maintenance and Support terms attached as Exhibits B and E to this DPA and to the extent permitted by applicable law:

(i) unless an Exhibit expressly states otherwise, each Party's maximum and aggregate liability arising out of or in connection with a Supply Transaction under this DPA will not exceed the lesser of: (A) the total Fees that You have paid to Hitachi under the Supply Transaction out of which the liability arose during the twelve (12) month period immediately before the date of the first event that gave rise to the Claim; and (B) Two Million Euros (€2,000,000); and

(ii) each Party's maximum and aggregate liability arising out of or in connection with the DPA in general (not related to any specific Supply Transaction) will not exceed the greater of: (A) the total Fees You have paid to Hitachi under all Supply Transactions made under the DPA during the twelve (12) month period immediately before the date of the first event that gave rise to the Claim; and (B) Five Hundred Thousand Euros (€500,000); and

(iii) neither Party will be liable in any circumstances for: (i) any indirect, punitive, special, incidental or consequential damages in connection with or arising out of the DPA; or (ii) whether direct or indirect, for loss of actual or anticipated business, revenue, profits, savings, goodwill, loss of use, lost or corrupted data, electronically transmitted Orders, or loss of other economic advantage.

(b) The limitations and exclusions of liability in Sections 6.2(a) above, apply whether such liabilities or Claims arise under breach of contract (including anticipatory breach or repudiation), tort (including negligence), statutory duty or otherwise and even if the liable Party has previously been advised of the possibility of such damages. Liability for damages will be limited and excluded, even if an exclusive remedy provided for in this DPA fails of its essential purpose.

(c) The liability caps set out in Section 6.2(a) above may be subject to and do not restrict the Parties from expressly agreeing to additional or alternative caps of liability under a PA, Order or SOW (as applicable).

6.3 Excluded Performance

Except for payment obligations, neither Party will be responsible for its failure to meet any of its obligations due to events beyond its reasonable control, provided reasonable efforts have been made to perform those obligations. Without limiting the previous sentence, Hitachi will not be liable for any Failure, to the extent that the Failure is caused by Your act or omission or those of Your Personnel, End Users or any other person acting on Your behalf. You will take all measures available to mitigate and minimize the Losses arising from any Failure, irrespective of the nature and extent of Your contribution and You will ensure that Your Personnel do the same.

6.4 Warranty Exclusion

Except as specified in the DPA, including the Exhibits to this DPA, all express or implied conditions, representations and warranties, including any implied warranties or condition of merchantability, interoperability, satisfactory quality, or fitness for a particular purpose and non-infringement, are excluded to the maximum extent permitted by law. Hitachi does not warrant that any of the Hitachi Supplies will operate uninterrupted, securely or error free and will not be liable for costs of procurement of substitute Items.

7. TERM AND TERMINATION

7.1 Termination of the DPA

(a) The DPA will start on the Effective Date and will continue until it is terminated by a Party giving written notice of termination to the other Party, where the other Party: (i) breaches the confidentiality, intellectual property, export compliance or anti-bribery sections of the DPA; or (ii) commits a material breach of any other terms of the DPA that is not capable of remedy or, where capable of remedy, fails to remedy the breach within thirty (30) days of written notice to do so.

(b) Each Supply Transaction will start on the effective date stated in the applicable Order and is subject to termination by a Party on the same grounds of termination that are available to that Party under Section 7.1(a). Hitachi reserves the right to cancel any Order(s) that have not yet been delivered on the date of termination of the DPA, other than where the termination is due to a material breach of Hitachi under Section 7.1(a)(ii).

(c) The termination of the DPA automatically results in the termination of all outstanding Supply Transactions at such time, other than where the termination is due to a material breach of Hitachi under Section 7.1(a)(ii) or where the Parties agree otherwise in writing.

(d) The termination of a Supply Transaction will not lead to the termination of other outstanding Supply Transactions at such time, except where the Parties otherwise agree in writing.

7.2 Consequences of Termination

(a) If the DPA or any Supply Transaction made under it is terminated, to the full extent applicable: (i) Your rights, licenses and privileges under it will end; (ii) You must comply with any directions issued by Hitachi requiring You to either remove and return to or destroy (at Hitachi's election) all Hitachi IP and Confidential Information of Hitachi in Your possession or control or return them to Hitachi, at Your cost; and (iii) You will not be relieved from Your payment obligations and any money due to Hitachi will become immediately payable.

(b) Rights and obligations under the DPA, which by their nature should survive the termination or expiration, will remain in effect after termination. Neither Party is deemed to have waived any of its existing rights as a result of termination. Any termination will be without prejudice to any other rights or remedies a Party may be entitled to under this DPA or at law (or which have arisen on or before the date of termination).

8. AFFILIATE TRANSACTIONS

(a) A Party's Affiliate may participate in this DPA by executing a PA with the other Party or that Party's Affiliate and enter Supply Transactions under that PA. Each PA: (i) is a separate agreement between the parties that execute it; (ii) applies to the territory stated in the PA, if applicable; and (iii) incorporates the terms of this DPA, except to the extent that changes are required under applicable local law or agreed by the parties to the PA to reflect local conditions.

(b) If the PA does not expressly state a governing law that is to apply to the PA, then the PA will be governed by the local law of the place where the Hitachi entity under the PA is incorporated. When construing a PA, references in this DPA to "Hitachi" and "You" will respectively refer to the parties to the PA.

(c) All Supply Transactions made under the PA and the performance of all related obligations will be the responsibility of the executing parties. The Parties will use reasonable commercial endeavors to encourage their respective Affiliates to comply with the PA that those Affiliates have entered and to fully perform their respective obligations under that PA. However, the Parties are not liable for the acts, omissions or obligations of their Affiliates and do not guarantee any performance by their Affiliates.

9. GENERAL

9.1 Ethics and Business Conduct

(a) Hitachi is required by U.S. export control laws and regulations to restrict access to or seek prior U.S. government approval for the release of restricted technology, source code and downloadable software to citizens or nationals of certain countries. Pursuant to the Export Administration Regulations, the release within the United States of controlled technology, source code and downloadable software to You under this DPA is "deemed" to be an export to the country of citizenship or nationality of Your Personnel.

(b) You acknowledge that in various countries, laws and regulations regulate the export of products, services and information which may prohibit use, sale or re-export of such products, services or information. You will not transmit, export or re-export, directly or indirectly, separately or as part of any system, any Hitachi Supplies or technical data (including processes and services) received from Hitachi, without first obtaining any license required by the applicable government, including without limitation, the United States government acting under the authority of the Export Administration Act and implementing Export Administration Regulations, and/or any other applicable competent authority.

(c) By accepting the Hitachi Supplies from Hitachi, You agree that none of them will be re-exported, sold or otherwise transferred to any US-embargoed destination or any entity subject to a US denial order or to any person, company or entity if You know or have reason to believe that they will be re-exported, sold or transferred in violation of US or other applicable law or regulations, including but not limited to, where You know or have reason to know that such Hitachi Supplies or associated information are for use in connection with internal or political repression, the design, development, production, stock piling or use of nuclear, chemical or biological weapons or missiles or for the violation of any other human right, or if You know or have reason to know that governments (especially police forces, military, intelligence and security services) or telecom providers and/or data storage providers may be required to co-operate in human rights violations using the Hitachi Supplies. You certify that none of the Hitachi Supplies will be re-exported, sold or otherwise transferred to, or made available for any entity or end use that is engaged in the design, development, production, stockpiling or use of nuclear, biological or chemical weapons or missile technology, or for any entity with specific end use that is engaged in conventional weapons or any other military activities. You will indemnify, defend and hold harmless Hitachi and its Affiliates and their respective Personnel for all Losses arising directly or indirectly from any violation(s) or alleged violation(s) of any such applicable laws, regulations and requirements by Your or Your Personnel.

(d) Each Party will comply with all applicable laws and regulations, including those relating to anti-corruption and bribery, including the U.S. Foreign Corrupt Practices Act, and not engage in any activity, practice or conduct that would constitute an offence under such laws and regulations.

9.2 Dispute Resolution

If there is dispute between the Parties related to this DPA, the Parties will appoint an appropriate representative from their respective

management to resolve the dispute in good faith. If those persons cannot resolve the dispute within thirty (30) days from the date of first meeting, the Parties may resort to alternate dispute resolution such as arbitration (if both Parties agree) or a Party may seek recourse from the courts with jurisdiction over this DPA, without further notice to the other Party. Either Party may seek injunctive or other urgent equitable relief from a court of competent jurisdiction at any time.

9.3 Hitachi Property

(a) If Hitachi provides You with any Hitachi Property as part of a Supply Transaction, You are responsible for loss of or damage to the Hitachi Property, once delivered to Your custody or control, except for loss or damage arising due to Hitachi's acts or omissions, or normal wear and tear during proper use, storage and maintenance. Hitachi retains title to the Hitachi Property.

(b) You must not: (i) assign, transfer, sell, deal with, or create any mortgages, security, liens, or other interests in or over the Hitachi Property; or (ii) move, repair, modify or interfere in any way with the Hitachi Property without Hitachi's prior consent; or (iii) obscure or tamper with any asset tag or like identification or notification affixed to the Hitachi Property. You will indemnify, defend and hold Hitachi harmless from and against any Claims caused by any failure by You or Your Personnel to comply with this Section 9.3(a). You will provide Hitachi with immediate notice of any attachment, lien or judicial process affecting the Hitachi Property, or Hitachi's ownership of the Hitachi Property.

(c) You will provide to Hitachi and its authorized representatives reasonable access to the premises on which the Hitachi Property is located, upon Hitachi's reasonable notice, for Hitachi's inspection, verification and removal purposes.

(d) Upon the delivery of the Hitachi Property to Your custody or control and until that Hitachi Property is either returned to Hitachi or otherwise Hitachi removes it from Your custody or control, You will maintain insurance policies with reputable insurers covering loss of, and damage to the Products at least equal to the replacement cost of the Hitachi Property.

(e) To the full extent possible, You must ensure that, prior to removal by or return to Hitachi for any reason, all data is removed from all Hitachi Property. Hitachi takes no responsibility for data remaining on any Hitachi Property that is removed by or returned to Hitachi and You must defend, indemnify and hold Hitachi, its Affiliates and their respective Personnel harmless from and against any and all losses, damages, liabilities, judgments, settlements, costs and other expenses (including reasonable legal fees) that is caused directly or indirectly by Your failure to comply with this Section 9.3(e).

9.4 Governing Law and Jurisdiction

(a) Except as the Parties expressly agree otherwise in writing and subject to Section 8(b), this DPA and all Supply Transactions related to the DPA will be governed and construed in accordance with the French laws (without regard to its conflict of law principles), will apply to the DPA and the venue for any litigation will be the appropriate courts in Nanterre (92.200).

(b) To the extent allowed in the applicable jurisdiction, the United Nations Convention on Contracts for the International Sale of Goods and its implementing legislation will not apply to this DPA.

9.5 Customer Referrals

(a) Subject to Section 9.5(b), Hitachi may refer to You as a customer of Hitachi, both internally and in externally published media. You will not use Hitachi's name in any publication, advertisement, or public announcement, nor disclose the results, existence, or content of the DPA, without Hitachi's prior written consent.

(b) You grant to Hitachi and its Affiliates a worldwide, royalty-free, limited right to use Your company and brand name and/or logo in

promotional materials within any medium, including press releases, presentations and customer references regarding any Supply Transactions. Hitachi agrees to obtain Your prior written approval for publicity that contains claims, quotes, endorsements or attributions by You, but Your approval cannot be unreasonably withheld.

9.6 Hitachi Employees Management

Hitachi employees working on Your site will in all circumstances remain under Hitachi's direct and disciplinary responsibility. Hitachi will manage Hitachi employees during on site services performance by all and any appropriate means. Hitachi, as employer of Hitachi employees, shall keep the burden of administrative and accounting management relevant to Hitachi onsite employees as well as all and any labor commitments and other legal requirements applicable in respect of these.

9.7 Terms for Managing the DPA

(a) **Assignment and Transfer.** You must not sub-contract, assign, or otherwise transfer any of Your rights or obligations under this DPA or any Order, SOW or other document made under the DPA, without Hitachi's prior written consent. You agree and acknowledge that Hitachi may engage subcontractors to perform any of its obligations, but Hitachi will remain responsible for their performance.

(b) **Notices.** Notices made under the DPA must be in writing (printed or electronic format) to the appropriate representative of the recipient, as identified at the head of this DPA or otherwise to a senior executive. Notices will be deemed given: (i) where they are hand delivered, when a duly authorized Personnel of the recipient gives written acknowledgement of receipt; (ii) for email communication, at the time the communication enters into the information system of the recipient; and (iii) for post, three (3) days after dispatch.

(c) **Modifications.** Except for the Hitachi Policies, modifications to this DPA must be in writing signed by each Party's authorized representative. Hitachi may change the Hitachi Policies from time to time and post the revised version on the Hitachi Website.

(d) **Conflicts.** Unless the Parties expressly agree otherwise, and to the full extent applicable to the Supply Transactions made under this DPA, if there is a conflict among the elements the DPA, the following order of precedence will apply (in descending order): (i) this DPA; (ii) the Exhibits; (iii) a SOW; (iv) a Quote; and (v) an Order.

(e) **Waiver.** If either Party fails to promptly exercise any contractual right, this does not of itself mean that the right has been waived. For a waiver of a right to be valid, it must be in written form and it will not give rise to an ongoing waiver or any expectation that the right will not be enforced, unless it is expressly stated to do so.

(f) **Severability.** If any part of this DPA is held to be invalid, illegal or otherwise unenforceable, that part will be eliminated to the minimum extent necessary, so that the DPA will otherwise remain in full force and interpreted to reflect the original intent of the Parties.

(g) **Entire Agreement.** The DPA (including all terms attached hereto or incorporated by reference) is the entire agreement relating to its subject matter. All other written communications, understandings, proposals, representations and warranties are by agreement, excluded and are of no force or effect (to the extent permitted at law).

(h) **Defense of Claims.** You will defend or settle any Claim for which You have an indemnity obligation under this DPA, at Your sole expense. If You fail to do so promptly, Hitachi may assume control of the defense of the Claim at any time and You will reimburse Hitachi its reasonable expenses (including reasonable legal fees) in doing so, without limiting Your other obligations. You must not settle a Claim without Hitachi's prior written approval.

(i) **Non-Solicitation.** During the term of any Supply Transaction and for a period of twelve (12) months thereafter, neither Party will solicit

for employment, employ or engage the services of any employee of the other party who performed services on behalf of such other party in connection with, or was otherwise involved in the procurement of Hitachi Supplies or the performance of obligations under this DPA or any Supply Transaction, without the prior written consent of the other Party. This does not restrict general advertisements of employment or the rights of any employee of one party, on that employee's own initiative, or in response to general advertisements, to seek employment from the other party and under such circumstances, for the other party to hire such employee.

(j) **Miscellaneous.** The Parties are independent contractors and there is no actual or deemed partnership, franchise, joint venture, agency, employment or other fiduciary relationship between the Parties. The Parties may sign the DPA and any further documents made under it by using electronic signature and the mutually signed copy will form a binding agreement on the Parties which may be transmitted electronically and will be effective upon the Effective Date. When an obligation falls on a day that is not a Business Day, it must be done the following Business Day. Hitachi may withhold or rescind any of its rights of approval or consent at Hitachi's sole and absolute discretion. The singular includes the plural and *vice versa*. Words referring to gender include each gender. All grammatical forms of a defined term are given a corresponding meaning. Words such as "including" are not intended to be words of limitation. No rule of construction applies to disadvantage the Party that drafted the DPA.

Your license rights in the Operating Software will be in accordance with Section 2.1 of Exhibit B and the Hitachi Vantara Software License Terms that are contained in the Software Terms attached as Exhibit B to this DPA.

(b) Hitachi will deliver Professional Services, where they form part of the Services, under the XaaS Agreement. Except for Ancillary Services or where the XaaS Agreement states otherwise, all Professional Services will be supplied by Hitachi under a separate SOW that incorporates the XaaS Agreement. Hitachi will not have any obligation to provide the Professional Services to You unless Hitachi has agreed to the terms of the applicable SOW and that SOW has been fully executed.

(c) Without limiting Your obligations elsewhere in the DPA, You will, at Your cost, as assist and co-operate with Hitachi, in order to enable Hitachi to meet its obligations under the XaaS Agreement. This includes the provision of: (i) timely access to Your operations, including all Locations, Hitachi and Non-Hitachi Infrastructure, third-party services and contracts; (ii) remote and on-site access to computer equipment, work space, facilities, Personnel, materials and other support and resources; and (iii) complete and accurate information in the form Hitachi reasonably requests. Hitachi will be entitled to assume that the acts, conduct and decisions of such appointee(s) are authorized by, and are binding on the applicable appointing party.

4. Use and License Grants

4.1 Ownership

Hitachi or its licensors own the IP Rights in the XaaS Services and in the Hitachi Infrastructure and technology used to supply the XaaS Services. You get no rights, except for the express rights that Hitachi grants to You in this Exhibit or an XaaS Agreement. You have no right to use any Hitachi trademark or brand name by virtue of the authorizations hereunder.

(a) Without limiting the other parts of this Section 4.2 or other the terms of the applicable XaaS Agreement:

- (b) If Hitachi is required to physically or logically access any infrastructure at a location in order to supply any services under an XaaS Agreement, Hitachi will comply with Your Security Policies, provided Hitachi has agreed to those policies in advance, in writing. If Hitachi considers that any additional or amended Security Policy that You provide to Hitachi after the XaaS Services have started may have a materially detrimental impact on Hitachi's ability to provide the XaaS Services for the Fees set out in the XaaS Agreement, Hitachi will notify You of that in writing and either Party may submit those changes to the Change Management Process.
- (c) If You install or enable Third Party Content for Your Use with the XaaS Services or authorize Hitachi to do so, Hitachi may allow the Third Party Content provider to access Your Content as necessary for the interoperability of the Third Party Content and the XaaS Services.
- (d) Hitachi grants to You and Your End Users a limited, revocable, non-exclusive, non-transferrable right (with no right to sub-license) to: (i) use the XaaS Services during the Service Term and in the Locations, subject to the terms of this Exhibit and in accordance with the XaaS Agreement; (ii) use or copy the Hitachi Content, if any is specifically identified in the XaaS Agreement, solely for Your internal business use in connection with the XaaS Services; and (iii) copy, modify and use the APIs to develop applications for Your Use only with the XaaS Services.

For any non-Hitachi proprietary software, Hitachi will pass to You all applicable end user license and/or maintenance terms provided by the third party vendor.
- (f) Without limiting Your obligations under other parts of the DPA or applicable law, You must not, and must ensure that Your Personnel and End Users do not: (i) reverse engineer, disassemble, or decompile all or any part of the XaaS Services, Hitachi Content or any infrastructure and technology used in the supply of the XaaS Services, nor do anything that is designed to access or derive the source code, except to the extent applicable law does not allow Hitachi to restrict this; (ii) modify, alter, repair, tamper with, the XaaS Services, Hitachi Content or any infrastructure and technology used in the supply of the XaaS Services, except to the extent that You are expressly authorized to do so under the XaaS Agreement or a separate, specific license granted by Hitachi; or (iii) access or use the XaaS Services or Hitachi Content in a manner which is intended to avoid or avoids incurring the charges that would otherwise be payable for such services.

You grant to Hitachi, its Affiliates and their respective Personnel a worldwide, royalty-free, non-exclusive right and license to: (i) use the Content as Hitachi reasonably determines to provide the XaaS Services; and (ii) disclose the Content in order to comply with a Legal Requirement.
- (b) Hitachi may collect and transfer Derived Data to its Affiliates, Personnel, contractors or vendors at any time and without notifying You. (f) Hitachi may regularly audit Your compliance with the XaaS Agreement. You will notify Hitachi immediately if You become aware of any breach and will fully co-operate with Hitachi's investigation and remediation efforts for such breach. Without limitation, such remedies may include the suspension of access rights to the XaaS Services.

4.4 End User Agreements

(a) Where You Use XaaS Services to sell further services to End Users, You are responsible for entering any End User Agreements. However, those agreements must be at least as protective of and must not limit or otherwise detract from Hitachi's rights, especially with respect to IP Rights and the authorized use of Services and Misuse. You must not provide to, or otherwise agree to any Additional Terms with an End User without Hitachi's prior written consent. If You do so, You will be solely responsible for the Additional Terms. Hitachi will have no liability to You or an End User for those Additional Terms.

(b) You will provide customer support, helpdesk and similar services to Your End Users. Hitachi will not provide those services to Your End Users, unless Hitachi enters a separate agreement for such services.

(c) You will use Your best efforts to ensure that Your End Users use the Content and XaaS Services consistently within the scope of Your authorized Use and do not cause You to be in breach of the XaaS Agreement. If You become aware of, or reasonably suspect any such breach, You must immediately notify Hitachi and suspend the applicable End User's access to the Content and the XaaS Services. You will fully co-operate with Hitachi's investigation and remediation actions for such breach. Your End Users are not granted any rights in the Hitachi IP, including any access to or license rights in any Hitachi Property.

(d) If this Exhibit or the relevant XaaS Agreement ends or Your relationship with an End User ceases for any reason, You will end that End User's access to and use of the XaaS Services immediately.

4.5 Responsibility for Data Removal

Without limiting Your other obligations in the DPA, the XaaS Agreement or applicable law, Your obligations under Section 5.4 of the DPA apply to any Product or Hitachi Property that is used in the supply of XaaS. You must ensure that, prior to removal by or return to Hitachi for any reason, all data is removed from such Product or Hitachi Property. Hitachi takes no responsibility for data remaining on any Product or Hitachi Property that is removed by or returned to Hitachi.

5. **Financial and Payment Terms**

5.1 Fees and Payment

Notwithstanding any other part of the DPA or any XaaS Agreement:

(a) the Fees for the Hitachi XaaS Services will be as set out in the applicable XaaS Agreement. Unless a related SOW states otherwise, all amounts for the supply of Professional Services will be included in the Fees, but any amounts payable for Evaluation Services are excluded from the Fees;

(b) Your payment obligations will start on the Service Billing Date and will continue during the Service Term. The Fees will be set out in the Monthly Consumption Report for each Location, which together with the relevant invoice of Fees for the Location, will be provided to You in electronic format on a monthly in arrears basis. Unless the XaaS Agreement states otherwise, the Fees will be in US Dollars and will apply to all Locations. The Fees are accrued, due and payable monthly, regardless of whether You receive an invoice from Hitachi; and

(c) notwithstanding anything to the contrary in any other part of the DPA or an XaaS Agreement, You must pay: (i) the Monthly Minimum Commitment, irrespective of Your actual usage of the XaaS Services; and (ii) the Termination Payment, if any is set forth in the XaaS Agreement, where You have exercised Your right to terminate the XaaS Agreement for convenience, or Hitachi has exercised its right to terminate the XaaS Agreement for cause, under Section 6 of this Exhibit. Your payment obligations under the XaaS Agreement, including payment of Fees, the Total Minimum Commitment and the Termination Payment, are without any deduction by way of set-off, counterclaim, withholding, discount or otherwise.

5.2 Payment Terms

The terms of Section 2 of the DPA remain in full force and effect. Unless otherwise stated in the XaaS Agreement, Section 2.1 (except Section 2.1(b)) applies to payments made under to this Exhibit.

6. **Term and Termination**

6.1 Term of XaaS Agreement

Each XaaS Agreement will start on the XaaS Agreement Start Date and subject to Section 6.2 of this Exhibit, will continue until the Service End Date. The Initial Service Period will automatically renew for consecutive Renewal Service Periods, unless either Party notifies the other Party in writing of non-renewal by no less than ninety (90) days prior written notice, taking effect at the end of the then-current period.

6.2 Termination and Suspension Rights

(a) Without limiting the rights of the Parties under the DPA or any XaaS Agreement: (a) a Party may terminate the XaaS Services for cause on the same grounds as stated in Section 6 of the DPA; and (b) You may terminate the XaaS Services for convenience by giving Hitachi no less than one hundred and twenty (120) days prior written notice to Hitachi and subject to paying Hitachi the Termination Payment by no later than the end of that notice period.

(a) Without limiting Hitachi's other rights under the DPA or applicable law, Hitachi may suspend delivery of all or any part of the XaaS Services without liability, if: (i) You are in breach of Your payment obligations under this Exhibit and the breach is not remedied within thirty (30) days of the date of Hitachi's written notice of breach; (ii) You are otherwise in uncured breach of this Exhibit because of Your conduct

or the conduct of Your Personnel or End User; or (iii) You or any party on Your behalf commits a Misuse. Without limiting Hitachi's rights under this DPA or under applicable law, Hitachi will reinstate any suspended XaaS Services following the remediation of the breach.

(b) Hitachi will use reasonable commercial endeavors to give You notice in advance of a suspension, except where it determines immediate suspension is necessary. You will remain responsible for all fees and charges that You incur during the suspension period, including any further period of use contemplated by this Exhibit or the XaaS Agreement. However, if any service credits are payable by Hitachi under the XaaS Agreement, Hitachi will not be liable to pay these to You during the suspension period. Hitachi will not erase Content during a suspension except as otherwise specified in the Exhibit or the XaaS Agreement.

6.3 Post-Termination Provisions

(a) Upon and after the Termination Date, You, Your Personnel and Your End Users no longer have the right to access and Use the XaaS Services (except for the limited circumstances of Disengagement Assistance below);

(b) Upon the termination or expiry of an XaaS Agreement or SOW (as applicable), to the full extent applicable: (i) Your rights, licenses and privileges under it will end; (ii) You must comply with any directions issued by Hitachi requiring You to cease Use of the XaaS Services and at Your cost, return to Hitachi or destroy (at Hitachi's election) all Hitachi IP and Confidential Information in Your possession or control; (iii) You will not be relieved from Your payment obligations and all money due and owing to Hitachi at the date of termination will become immediately payable, including the Termination Payment, if applicable; (iv) You will be responsible, at Your cost, to delete or otherwise remove all Content in a proactive and timely manner; and (v) You may request Disengagement Assistance from Hitachi, provided the Service Catalogue states that Disengagement Assistance is available for those Services. The XaaS Agreement will continue to operate on the same terms at the Service End Date for the duration of any Disengagement Assistance.

(c) Rights and obligations under the Exhibit or a XaaS Agreement, which by their nature should survive the termination or expiration, will remain in effect after termination. Neither Party is deemed to have waived any of its existing rights as a result of termination. Any termination will be without prejudice to any other rights or remedies a Party may be entitled to under the Exhibit, XaaS Agreement or at law (or which have arisen on or before the date of termination).

7. **Indemnity**

(a) You will indemnify, and hold harmless, Hitachi and its Affiliates, licensors and subcontractors, and each of their respective Personnel ("**Indemnified Parties**") from and against any Losses arising out of the following: (i) any Claim related to Misuse or breach of applicable law by You, Your Personnel or an End User with respect to the XaaS Services or the removal or deletion of Content by You or a third party on Your behalf at the end of the XaaS Services; (ii) any third party Claim against any of the Indemnified Parties related to Your Content or Contributions, including their combination with other applications, content or processes or their misappropriation or breach of any third party's IP Rights; or (iii) any third party Claim arising from any Additional Terms not approved by Hitachi in advance; or (iv) a dispute between You and any End User.

(b) You will defend or settle any Claim referred to in Section 7(a) of this Exhibit at Your sole expense and if You fail to do so promptly, Hitachi may assume control of the defense of the Claim at any time and You will reimburse Hitachi its reasonable expenses (including reasonable legal fees) in doing so, without limiting Your other obligations. You must not settle a Claim without Hitachi's prior written approval.

8. **Terms Related to Hitachi Infrastructure**

This Section 8 is incorporated and forms part of any XaaS Agreements between the Parties where the supply of the Services comprises the use of Hitachi Infrastructure, e.g. Storage as a Service (STaaS).

8.1 Due Diligence

You agree and acknowledge that: (a) Hitachi may conduct Due Diligence before and after the Service Activation Date; (b) Due Diligence conducted after the Service Activation Date may be additional to or different from that conducted before that date; (c) Due Diligence requirements may be different for each Location; and (d) the XaaS Agreement is based on the outcomes of Due Diligence undertaken before the Service Activation Date. If Hitachi considers on reasonable grounds that the XaaS Agreement must change due to any information arising after the Service Activation Date, Hitachi may charge You additional Fees, based on the necessary change of requirements. Any such change will go through the Change Management Process. Until the Parties have executed a Change Order, no XaaS Agreement is deemed to have changed, irrespective of the outcomes of the Due Diligence.

8.2 Hitachi Infrastructure

(a) Without limiting the operation of any other terms of the DPA, title in all Hitachi Infrastructure is retained by Hitachi. You are responsible for loss of or damage to the Hitachi Infrastructure, once delivered to the relevant Location (including replacement costs), except for loss or damage arising due to Hitachi's acts or omissions, or normal wear and tear during proper use, storage and maintenance and You must not: (i) assign, transfer, sell, deal with, or create any mortgages, security, liens, or other interests in or over the Hitachi Infrastructure; (ii) move, repair, modify or interfere in anyway with the Hitachi Infrastructure without Hitachi's prior written consent; or (iii) obscure or tamper with any asset tag or like identification or notification affixed to the Hitachi Infrastructure. You will indemnify, defend and hold Hitachi harmless from and against any Claims caused by Your failure to comply with this Section 8.2. You will provide Hitachi with immediate notice of any attachment, lien or judicial process affecting the Hitachi Infrastructure, or Hitachi's ownership of it.

(b) If Hitachi deploys the Hitachi Infrastructure to the Locations and for any reason, You do not authorize or otherwise enable the implementation of the Hitachi Infrastructure to take place, or You otherwise delay the implementation for a period of more than thirty (30)

days from the date that Hitachi delivers the Hitachi Infrastructure to the Location, then Hitachi has the right to charge You the Monthly Minimum Commitment.

(c) Without limiting Hitachi's rights elsewhere in the DPA, You will provide Hitachi and its authorized representatives access to the Hitachi Infrastructure during business hours at the Location (including procuring access to any Third-Party Facility) on receipt of reasonable notice from Hitachi, for inspection and verification purposes. You will, promptly and without the requirement of the posting of a bond or similar surety, provide Hitachi with the peaceful right of entry to collect the Hitachi Infrastructure.

8.3 Insurance

(a) Upon delivery of the Hitachi Infrastructure to the applicable Location, and until it is either delivered back to Hitachi or otherwise removed by Hitachi from the Location, You will maintain the following policies with reputable insurers: (i) a property 'all-risk' insurance covering damage or loss to the Hitachi Infrastructure, including damage or loss due to flood and earthquake, with limits at least equal to the replacement cost of the Hitachi Infrastructure. The relevant insurance policy will name Hitachi as "Loss Payee"; and (ii) Commercial General (or Public) Liability Insurance, including contractual liability, of not less than US \$10,000,000 per occurrence, and in the aggregate. Hitachi and its Affiliates will be noted on the policy as "Additional Insured". All insurance coverage will be primary and non-contributory.

(b) You will provide a current certificate of insurance for the insurance policies set out in Section 8.3 of this Exhibit to Hitachi annually during the Service Term. You will procure that such policies state that the insurer will give thirty (30) days' prior written notice to Hitachi of any intention to cancel or reduce any insurance coverage. If You fail to take out appropriate insurance, Hitachi may (but will not be obliged) to take out appropriate insurance pursuant to this section and Hitachi may recover from You the premiums and other charges that it pays to an insurer forthwith.

(c) For insurance purposes, You may require Hitachi to itemize the components of the Hitachi Infrastructure and where so required, Hitachi will provide a list of such components to You as soon as is reasonably practicable.

8.4 Total Loss Infrastructure

(a) If the Hitachi Infrastructure becomes a total loss or constructive total loss as a result of being lost, stolen, seized, confiscated, damaged beyond economic repair or otherwise ("**Total Loss Infrastructure**"), You will procure, using any relevant insurance proceeds where applicable and available (but without affecting Your other obligations under this Section 8.4), that the relevant Hitachi Infrastructure ("**Total Loss Infrastructure**") is replaced with equipment and/or infrastructure of the same specification, quality and model as the Total Loss Infrastructure ("**Replacement Infrastructure**") within twenty one (21) days or otherwise as soon as is reasonably practicable from the date of the Total Loss occurring and Hitachi is not obligated to provide the Services to You in accordance with the XaaS Agreement during such replacement period. You will ensure that title to such Replacement Infrastructure vests in Hitachi and such Replacement Infrastructure will be deemed Hitachi Infrastructure for the purposes of the XaaS Agreement.

8.5 Changes to Hitachi Infrastructure

If, under the capacity planning process, whether as part of or outside of the Monthly Operations Review (MOR) meeting, Hitachi determines that the Hitachi Infrastructure at one or more Locations should be increased or decreased, Hitachi will either deploy additional Hitachi Infrastructure or remove existing Hitachi Infrastructure as required by Hitachi and communicated to You. Any change in the Hitachi Infrastructure or the Services relating to it does not affect Your obligation to pay the Minimum Commitment pursuant to an XaaS Agreement.

8.6 Excluded Performance

Without limiting the operation of any other terms of the DPA or any exclusions set out in the Service Catalogue, Hitachi excludes any and all liability for Failure, to the extent that the Failure is caused by: (i) the operation of any Non-Hitachi Infrastructure by You or Your Personnel; (ii) the failure or non-performance of any of any Non-Hitachi Infrastructure; (iii) the failure of Customer to: (A) provide and maintain a suitable Location environment, including but not limited to, failure of electrical power, air conditioning and humidity control, environmental containments, noise levels above 85dB(A) or unreasonable or excessive vibrations; or (B) to comply with any contractual obligation, as they pertain to the Location(s) (iv) non-performance of or any physical loss or damage to the Hitachi Infrastructure after delivery to the Location that is not attributable to the acts or omissions of Hitachi or reasonable wear and tear under proper use, storage and maintenance; (v) Your material failure to comply with the Dependencies and Assumptions set out in the Service Catalogue or (vi) the acts or omissions of a third party public cloud provider. For the avoidance of doubt, the exclusion under this Section will start at the date and time of such Failure to meet the relevant responsibility. You must take all steps and measures available to You to mitigate and minimize the losses, costs and damages arising from the Failure and You will ensure Your Personnel, End Users and any party acting on Your behalf do the same.

9. **Interpretation**

(a) Except as expressly varied or excluded by this Exhibit, or the context otherwise requires: (i) the DPA will apply to and is incorporated by reference in this Exhibit; (ii) all other terms of the DPA will remain unchanged; and (iii) the rules of interpretation stated in the DPA are also applicable to this Exhibit.

(b) Unless the Parties agree otherwise in writing, if there is a conflict among the following contractual documents that comprise a XaaS Agreement, the following order of precedence will apply (in descending order): (i) the terms and conditions DPA (including this Exhibit); (ii) the Service Summary; (iii) any SOW made under the XaaS Agreement; (iv) the Service Catalogue; and (v) the Hitachi Policies.

- (a) Hitachi warrants to You that, during the Warranty Period, the Products will function in accordance with their Published Specifications, when used properly and normally. **The Warranty Period begins on the Warranty Commencement Date.**
- (b) Hitachi’s warranty in Section 1(a) does not apply to any Third-Party Products that are subject to the warranties by the third-party licensor under a separate third-party end user license agreement (or EULA) that applies to the Third-Party Product.
- (c) Subject to the exclusions in Section 6 of these WMS Terms, if You have a valid warranty claim for a Defect, Hitachi will provide the Warranty Services for that Defect according to the terms set out herein. To make a valid warranty claim, You must, during the Warranty Period submit Your claim in writing to Your local Hitachi support contact center and the claim must be made with within seven (7) days of You discovering the Defect. If Hitachi considers in its sole discretion that, in the circumstances, the Defect will not be remedied by the Warranty Services, Hitachi will provide You with a Refund for the Defective item, provided that You promptly return it to Hitachi. The remedies set out in this Section 1(c) comprise Hitachi’s sole and exclusive liability to You and Your sole and exclusive remedy for a breach of the warranty in Section 1(a).
- (d) Hitachi represents and warrants that it will provide the Services to You in a professional and workmanlike manner in accordance with Good Industry Practice. If Hitachi fails to meet this warranty and provided that You notify Hitachi in writing, specifying the nature and extent of the non-conformity within thirty (30) calendar days of the date that the warranted Services giving rise to the claim were performed and Hitachi accepts that claim, Hitachi will re-perform the applicable Services to cure the non-conformity as promptly as possible, but in any event, within the period agreed to by the Parties in writing. If the non-conformity has not been corrected within that period, You may: (i) provide Hitachi with a further opportunity to correct the non-conformity, in which event the procedures and time periods set forth above will again apply; or (ii) terminate the applicable Agreement or SOW and return to Hitachi the non-conforming Work Product or Deliverables, if any, at which time Hitachi will provide You with a Refund of Fees previously paid for the non-conforming Deliverables and/or Work Product provided by Hitachi. This is Hitachi’s sole and exclusive liability to You and Your sole and exclusive remedy in relation to the breach of the warranty in this Section 1(d).
- (e) Except as otherwise stated in these WMS terms and the agreement, all express or implied conditions, representations and warranties, including any implied warranties or condition of merchantability, satisfactory quality, or fitness for a particular purpose and non-infringement are excluded, to the maximum extent permitted by law. Hitachi does not warrant that any Product or Service will operate uninterrupted, securely or error free. Hitachi will have no liability or obligations for the Product or Service warranty other than those stated in section 1 of these WMS terms.

MAINTENANCE AND SUPPORT TERMS

2. Maintenance and Support Plans

- (a) Subject to these WMS Terms and further provided that You have valid support coverage and have paid Hitachi all applicable fees in full, Hitachi will provide Maintenance and Support Services for the relevant Products under the Plan specified in the Order that You have issued to Hitachi or a Hitachi Partner. Your Hitachi Partner is not authorized to provide such services to You, unless they are also authorized as a Service Partner.
- (b) Maintenance and Support Services may not be available in certain locations, and Plans may vary between locations or may be subject to additional fees. Additionally, Maintenance and Support Services may vary by Equipment, Product type or family, as specified in the Service Descriptions.

3. Service Partners

- (a) Hitachi may authorize third parties to provide Maintenance and Support Services to You on Hitachi Products (“Service Partners”). Service Partners may be either ISPs or ASPs.
- (b) Hitachi may authorize its ISPs to deliver Maintenance and Support Services to You on behalf of Hitachi in accordance with these WMS Terms, but Hitachi will remain responsible for the performance of such Services to You. However, Hitachi will not be responsible to You for the acts or omissions of an ASP in the performance of Maintenance and Support Services and that performance will be a matter between You and the ASP under the terms of the contract that You enter with the ASP.

4. Scope of Equipment Maintenance Services

 - (iii) the provision of access to Updates as and when Hitachi makes them generally available. Additional fees for Updates and/or Upgrades may apply. Access to Updates will be without additional charge where Hitachi provides the Updates on that basis to its general customer base.
- (b) Hitachi only supports the Operating Software (including any Array Based Software) if Hitachi is also maintaining the Equipment on which it is installed. Hitachi's obligation to provide Software support under Section 5(a) above is contingent upon the following:
 - (i) the Software must be subject to a current and valid license;
 - (ii) the Software must be covered under a current and fully paid up agreement for the support services; and
 - (iii) the Software must be operating in a Hitachi-supported configuration, which may be detailed in the Published Specifications.

If Your Software license is terminated for any reason (including due to the assignment or transfer of the license to another party) then Hitachi's obligations to provide support for the relevant Software will cease.

6. Warranty and Maintenance & Support Exclusions

(A) Service Exclusions

Hitachi's Warranty Services set out in Section 1 and the scope of Maintenance and Support Services set out in Sections 4 and 5 of these WMS Terms do not apply to, and exclude:

- (a) any loss of, or damage to Products, or data contained in the Products or Defects in Products caused by:
 - (i) any act or omission of a party other than Hitachi or its Service Partner, including but not limited to, the improper installation or maintenance of the Products or modifications, enhancements or customizations of the Software by any party other than Hitachi or its Service Partner;
 - (ii) accident, natural disaster, transportation, neglect or misuse, improper maintenance or loss or damage from any cause other than normal and ordinary use;
 - (iii) use of the Products outside of an environmentally controlled data center where the environment is controlled by You or on Your behalf (unless the Products are specified for use outside of an environmentally controlled data center) or Your failure to provide and maintain a suitable operating environment within the data center on terms specified by Hitachi, including but not limited to, failure of electrical power, air conditioning and humidity control, environmental contaminants, noise levels above 85dB(A) or unreasonable or excessive vibrations and, as applicable, any of the items that You are required to provide under Section 16 of these WMS Terms, as they pertain to the environment of the Products;
 - (iv) use of the Products in a manner other than in accordance with the Published Specifications or in a manner which is outside the scope of Your licensed rights in the Software;
 - (v) any service that is impractical or otherwise rendered more difficult for the service Personnel or representatives of Hitachi or its Service Partner to provide because of any service clearance interference, alterations, additions, modifications to any Product or Your system or operating environment or the connection of any Product by mechanical or electrical means to another machine or device;
 - (vi) the modification of Hitachi Products without Hitachi's prior written consent, including any engineering changes other than those described in Section 4(a) and the software installation services described in Section 8(b) of these WMS Terms;
 - (vii) the Products being cleaned, painted, refinished or refurbished or subjected to external works without Hitachi's prior written consent;

- (j) the acts or omissions of a third party public cloud provider.

(B) Field Replacement Units

- (a) Equipment may include components which are used or remanufactured, and regardless of this, Hitachi’s warranties in Section 1 of these WMS Terms will apply. Where Hitachi has shipped a Field Replacement Unit (“FRU”) to You to replace a Product component that is removed in the course of performing any Warranty Service or a Maintenance and Support Service, the removed component will be the property of Hitachi, while the FRU will belong to You. For any removed components which are: (i) not returned to Hitachi within fifteen (15) calendar days of the date of their removal; or (ii) not covered by a then-current valid retention option, Hitachi may charge You for those components at Hitachi’s then-current spares price list.
- (b) The data and other confidential information that is contained in any removed Product component will be Your responsibility and You must make Your own arrangements to delete that data. If You are subject to security requirements that require the data to not be removed from Your site and You are not covered by a valid retention option, it is up to You to ensure that the data is deleted. Should You require Hitachi to delete data for You, Hitachi may charge You an additional fee.
- (c) Without limiting Section 2(a) of these WMS Terms, if You allow any person other than Hitachi or a Hitachi ISP to break the factory seal on a FRU, this will void Your entitlement to Warranty Services and/or Maintenance and Support Services in its entirety.

7. Remote Monitoring Services.

- (a) Maintenance and Support Services include Hitachi Remote Ops Services, as applicable. All right, title and interest in the Hitachi Remote Ops Services, including all material that is used to provide the Hitachi Remote Ops Services, is retained by Hitachi or its licensors, and You do not get any licensed rights in it.
- (b) Hitachi will not charge You a fee for the supply of the Hitachi Remote Ops Services, but You must provide and maintain, at Your cost, all telecommunications lines, monitor, PC, modem and access required for Hitachi to implement and provide the Hitachi Remote Ops Services.
- (c) If the Agreement (or the supply of any Maintenance and Support Services under it) or Your separate services contract with a Hitachi ASP is terminated, You will allow Hitachi to disable the Hitachi Remote Ops Services and de-install and remove all material on Your premises used by Hitachi to provide the terminated services.
- (d) In providing Hitachi Remote Ops Services to You, Hitachi does not access Your data. Hitachi will maintain the confidence of all passwords that You provide to Hitachi for the supply of the Hitachi Remote Ops Services.
- (e) Remote monitoring services other than the Hitachi Remote Ops Services may be provided for certain eligible Equipment, which does not prompt any Service activity or call logging with Hitachi. For more details, please refer to the Service Descriptions.
- (f) If You refuse to allow Hitachi to provide the Hitachi Remote Ops Services, fail to sign up for the Hitachi Remote Ops Services, or otherwise disable or interfere with the Hitachi Remote Ops Services on the Equipment, You acknowledge that Hitachi will be prevented from providing the remote diagnostic and monitoring services that are essential to its supply of Maintenance and Support Services and critical notifications as applicable (including, but not limited to Security Breach notifications). In such circumstances, Hitachi will not be liable for any failure to meet service level response time commitments or service warranties, nor for any delays in providing the Maintenance and Support Services in accordance with these WMS Terms. Hitachi may use reasonable efforts to assist You with any Defects of which You notify Hitachi, but any efforts which are based on, or otherwise rely on assessments or information that You, or anyone on Your behalf has provided to Hitachi, will be at Your risk. Hitachi may charge You an additional fee to provide the Maintenance and Support Services in such circumstances.

8. Installation Services

- (a) Subject to Sections 8(b) and (c) of these WMS Terms, Hitachi will provide Installation Services with respect to the Products set out in the relevant Order.
- (b) Hitachi may provide on-site Installation Services with respect to Software (where Hitachi advises that the Software must be installed by Hitachi) for an additional fee. Installation does not result in production ready implementation of the Software; production ready

Software implementation is a Professional Service. If You require a production ready implementation of Software or additional capabilities to the standard Installation Services, Hitachi may require You to enter a separate Statement of Work for those services and Hitachi will be entitled to charge You an additional fee based on Your requirements, and the Software and/or Equipment, subject to that Statement of Work. Hitachi will advise You of the applicable Fees for those Professional Services in advance.

- (c) Installation Services do not include:
- (i) physical siting of the Equipment;
 - (ii) all electrical work, including connection of the Equipment power supply to Your power supplies;
 - (iii) any operating system development and testing;
 - (iv) computer room planning services;
 - (v) performance tuning;
 - (vi) advanced operator training;
 - (vii) moves of any non-Hitachi equipment;
 - (viii) onsite standby beyond the storage system test phase;
 - (ix) de-installation of displaced equipment;
 - (x) installation of equipment outside of the hours of coverage under the applicable Plan;
 - (xi) attendance at Your meetings;
 - (xii) SAN design, integration and implementation; or
 - (xiii) Software production-ready implementation.

9. Services for Additional Fees

If You request Hitachi to provide:

- (i) any of the “excluded” services in Sections 6 or 8(c) of these WMS Terms; or
 - (ii) any Maintenance and Support Services outside the coverage hours or support zone for Your support Plan;
 - (iii) any other activities or tasks, which Hitachi has stated (in these WMS Terms or elsewhere) may be subject to an additional fee; or
 - (iv) any other Services which Hitachi reasonably determines to be “out of scope” of these WMS Terms,
- Hitachi may, at its sole discretion, agree to provide the relevant Services to You at Hitachi's then current rates or on a quoted, fixed fee basis (“**Billable Services**”).

10. Void Arrangements and Re-certification

- (a) You are not entitled to do any of the following without Hitachi's prior written consent:
- (i) move or relocate any part of the Equipment (including moving any disks from one item of Equipment to another); or
 - (ii) allow any third party other than Hitachi authorised service Personnel or representatives (e.g. Hitachi's Service Partner) to perform any maintenance and/or support on any Product or repair any Product.
- If You do so, You will void Your entitlement to Warranty, Maintenance and Support Services in respect of that Product and You will need to undergo re-certification of the applicable Product, to reinstate the Product to Your Plan.
- (b) You must not install Software on any equipment or a public cloud located in any countries that are prohibited by applicable export laws, restrictions and regulations of the U.S. Department of Commerce, the U.S. Department of Treasury and any other U.S. or foreign agency or authority.
- (c) If Your Warranty, Maintenance and/or Support Services have been voided under Sections 10(a) or (b) of these WMS Terms or if the Maintenance and Support Services have been terminated under Section 11 of these WMS Terms and You wish to reinstate the Maintenance and Support Services for all or part of the affected Product, You must have the relevant Product re-certified by Hitachi or its Service Partner, in order to have Hitachi's obligations under these WMS Terms continue to apply to it. Hitachi will charge You its then current rates for re-certification and further repair necessary to restore the affected Product to good operating condition (normal wear and tear excepted).

11. Renewal and Termination of Maintenance and Support Services

- (a) Without limiting any of Hitachi's other rights under these WMS Terms or applicable law, Hitachi reserves the right to terminate all or any of the Maintenance and Support Services at any time by written notice to You if:
- (i) You transfer Your Equipment or any Software to another person or entity or otherwise You relocate the Equipment or any Software in any way, without Hitachi's prior written consent;
 - (ii) the Equipment or any Software is damaged by accident, neglect or abuse by any party other than Hitachi or its authorised service Personnel, or by natural disaster, or subjected to an unsuitable operating environment, not properly installed or maintained by any party other than Hitachi or its Service Partner;

- (iii) the Equipment or any Software is used in a manner not contemplated by the Published Specifications or in a manner which is outside the scope of Your licensed rights in the Software;
- (iv) You have modified the Equipment or any Software in any way (including any unauthorized attachments or additions to the Equipment or any Software) without Hitachi's prior written consent;
- (v) You have failed to provide and maintain a suitable physical operating environment for Products, as specified by Hitachi (including all items referred to in Section 6A(a)(iii) of these WMS Terms); or
- (vi) where You have infringed any of Hitachi's IP Rights with respect to any Maintenance Material, Work Product or Software.

Any notice to terminate a single Maintenance and Support Service must identify the specific Service item to be terminated. If, in Hitachi's reasonable opinion, the termination of a single Maintenance and Support Service adversely affects Hitachi's ability to provide other Services to You, then Hitachi may, in its sole discretion, terminate these other Services.

- (b) Subject to Hitachi's rights of termination and suspension under the Agreement and applicable law, Hitachi will provide You with Maintenance and Support Services on the Products during the Service Period, provided You have paid Hitachi or the Hitachi Partner (as applicable) the Fees for such services in full. The initial term for Maintenance and Support Services that You have purchased will be non-cancellable and the applicable Fees for that term will be non-refundable, unless stated otherwise in the Hitachi or Hitachi Partner Quote accepted by You (as applicable) or as otherwise agreed and stated in the Order.
- (c) Hitachi will use best efforts to send You a Renewal Notification at least sixty (60) days prior to the expiration of the initial term or then-current renewal term of the applicable supply (whichever is the case). Subject to both Your: (i) acceptance of the Renewal Notification; and (ii) payment in full of the applicable Fees by no later than the end of the Renewal Notification Period, the Maintenance and Support Services will be renewed for the applicable period and Fees stated in the Renewal Notification. Hitachi's issue of a Renewal Notification does not obligate You to renew Maintenance and Support Services. However, if You do not renew Maintenance and Support Services, any subsequent reinstatement of Maintenance and Support Services may be subject to a reinstatement fee (based on Hitachi's then-current rates for reinstatement at the time), in addition to the then current monthly fee for such Services.
- (d) Subject to Section 11(c) of these Terms: (a) if the Renewal Notification relates to Software that is licensed to You on a term-based license, Maintenance and Support Services for that Software will be renewed concurrently with the renewal of the term-based license period; and (b) Maintenance and Support Services for Software that is licensed to You on a perpetual basis will be renewed for the period set out in the applicable Renewal Notification.
- (e) If any Maintenance and Support Services are terminated or are not renewed, Your rights, licenses and privileges under these WMS Terms terminate and You must comply with Hitachi's directions to either remove and destroy all Hitachi proprietary and confidential information in Your possession or control, or to return such material and items to Hitachi at Your cost and in any case, You will not use any such items in Your possession or control. Furthermore, You will not be relieved from Your payment obligations and any money due to Hitachi will become immediately payable. Neither Party is deemed to have waived any of its existing rights.

12. Current and Superseded Software Support

- (a) Subject to these WMS Terms and further provided that You have valid support coverage and have paid Hitachi all applicable Fees in full, Hitachi will provide support (as defined below) based on either (i) the time since a Version was initially released ("**Time-based**"), or (ii) the Version ("**Version-based**").

Hitachi will make Maintenance and Support available to You for a period of up to a maximum of twelve (12) months from the date of the EOSL announcement (“**Extended Support Period**”). You agree that:

- (a) Hitachi has no obligation to You for Product or any Software purchased from a source other than Hitachi or a Hitachi Partner.
